Text based artist statement:

Elrond T Sal is an Indonesian artist, born in Jakarta. An artist who works with multiple mediums to tell or create a story for others.

Each piece an attempt to explore the possibilities of storytelling with a focus on joy. Telling people that life is still a little bit beautiful. Focusing an audience where people who are feeling stuck, down, bored and the depression of the world. With a little hope cheering and giving those people a little more energy to live for tomorrow.

The main goal is to remind them why they are fighting tomorrow. To see a better tomorrow. The smiles of their loved ones. The next season of Mandalorian. The next triple cheese super pizza. The simple things.

Although there are deeper meanings that can be derived from each piece. It is not the focus of the piece. After all each piece is originally made as something to smile and enjoy at.
